

# Office Trailer Throne

## DESCRIPTION

**Dometic 300 Gravity Flush Toilets offer powerful triple jet action that removes waste completely, plus innovative drop away ball and valve system.**

Full-size residential-style toilet features efficient foot pedal operation with adjustable water level. Replaces any standard-height Trailer toilet not installed on a raised platform—straight 2-bolt style toilets, 4-bolt style toilets or angled 2-bolt style toilets. (Some installations may require a Dometic floor flange adapter kit.)

### Additional features:

Pedal cover and base shroud are incorporated into the new pedal and base design (not separate) resulting in easier installation

Ball seal is easily changed without requiring any tools. Easier maintenance for the customer

Contemporary styling  
Ultra-Lightweight

Residential Size Seat and height – 18"

Optional Hand Spry

Available in Bone or White  
Easy, 2-bolt installation

## Over 300 Flushes

Rotationally molded polyethylene holding tanks work well in many applications. Most often used under on-site office trailers, but can be used for temporary waste storage in other locations. Multiple clean-out ports with uni-seal grommet and threaded PVC connector inserted in each port. Includes 4 uniseals and plugs. Gray color finish.

### Product Specifications

- LENGTH INCHES 72
- WIDTH INCHES 547-1/2
- HEIGHT INCHES 18
- COLOR FINISH Gray
- BRAND Poly Portables
